

Louvre Profiles to suit commercial and residential applications are available in a range of sizes with various fitting applications catered for.

Special finishing, including a wide selection of wood grain and powder coating colour and textures, make your louvre profiles stand out as an architectural feature on any project.

An attractive solution for privacy and protection from the weather or providing shade.

As well as being durable, these louvre profiles give a timeless style to commercial and residential buildings, feature panelling, and fencing.

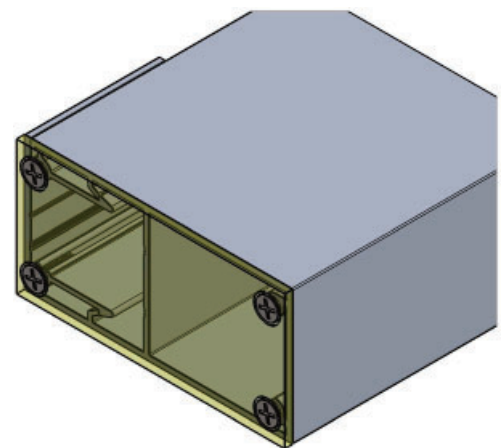

Batten Profiles are a versatile product when creating a feature wall, ceiling or screen for fencing and privacy.

Using a 50mm Base, a typical assembly as shown:
Wall Cap, Batten, End Cap and screws.

A contemporary solution suitable for interior or exterior.

The linear textures allow extensive design and creative opportunities, combined with various finishing such as powder coating, wood grain finish and more.

These batten profiles will add an element of difference to your next project.
